To Whom It May Concern:

I am pleased to provide a very positive letter of reference for "Morrison Moving" of Hamilton, Ontario. We at St. Joseph's Healthcare Foundation, Hamilton, have made use of their services on more than one occasion. We have had nothing but positive experience with this company – they are always very prompt, very professional and courteous in carrying out their assignment. This holds true for the moving staff as well as the office staff, and of course, the owner, Michael Morrison. I would highly recommend Morrison Moving for any commercial or residential move. In fact, they came highly recommended to us from a very high profile, outstanding member of the community and our St. Joseph's community, Ms. Teresa Cascioli.

We wish Morrision Movers continued success for the future, and certainly look forward to working with Michael and his staff again in the near future. Please feel free to contact me anytime, if you have any questions regarding this excellent company.

Yours very truly,

Tony La Rocca, CMA
