Hi Michael....just wanted you to know that the delivery last week to Brantford to Janssen was mentioned in an email the Grandpa sent to me. I have copied and pasted the part that pertained to Morrisons!

Hi Fiona

Thanks so much for your great service in the delivery of the crib and dresser.

The delivery crew were very pleasant courteous and on time. They took great care in bringing the dresser upstairs in a very tight stairway. Nothing scratched dented or anything. I hope I thanked them enough. They are pros!!

That is nice hear aye?

This order had been a nightmare because of a major delay, so it was a relief when I got this email and he was so complimentary about the delivery! (Not that it would have been an issue anyway...most of the deliveries are fine!).

Anyway, just thought you would want to know!

Hope you had a great Birthday weekend! :)
