Hello Bill

Thank you to your staff for such a great job. The movers were there on time and ready to work. I have heard of so many horror stories of moving companies and was very nervous when phoning around asking questions. The man who answered the phone to answer my questions was so wonderful, and then Mr. Morrison to come to our house himself, and you for the confirmation emails, and a big thanks to the 3 guys who came to help us. What a great company!!! I have already told many people at the Town of Oakville municipal building about you guys and if they ever move, they will for sure contact you.

Thank again everyone at Morrison Moving Company for the wonderful customer service.

You all are amazing!!!!
